

Transcript of City Manager's Video

Hello. I'm City Manager, Robert Garza. As a Chief Executive Officer for City government, I implement policies and programs directed by the Mayor and City Council. I oversee day-to-day operations and ensure that City government operates in a cost-effective manner. Serving on various boards and being out in the community is a really big part of what I do. This allows me to interact one-on-one with residents and learn first-hand matters needing attention. As you can see my role is multi-faceted and I do it with great sense of service to the community. Thank you.
