The Development Review Committee (DRC) will consider the following agenda on April 6, 2022, at 9:00 A.M., in Room 1158 located at the City Hall, 700 North Main Street, Las Cruces, New Mexico.

1. Call To Order
2. Approval Of Minutes
2.1. March 23, 2022

Documents:

03-23-22 DRC MINUTES.PDF

3. Old Business
3.1. Case 22CS0500012: Camino Hills Subdivision Master Plan
   - A request for approval of a Final Site Plan, known as Camino Hills Subdivision
   - The proposed subdivision encompasses 10.954 ± acres, is zoned R-1a (Single-Family Medium Density), is located west of Spitz St and northeast of El Camino Real
   - The Master Plan proposes 52 single-family residential lots with five tracts of land for drainage. The master plan shall be required to follow all to develop Hanson Ave and Spitz St.
   - Submitted by Sierra Steve Calderazzo, representative.

3.2. Case 21CS0500069: Camino Hills Subdivision Preliminary Plat
   - A request for approval of a Preliminary Plat, known as Camino Hills Subdivision
   - The proposed subdivision encompasses 10.954 ± acres, is zoned R-1a (Single-Family Medium Density), is located west of Spitz St and northeast of El Camino Real
   - The Master Plan proposes 52 single-family residential lots with five tracts of land for drainage. The master plan shall be required to follow all to develop Hanson Ave and Spitz St
   - Submitted by Sierra Steve Calderazzo, representative.

The City of Las Cruces does not discriminate on the basis of race, religion, sex, sexual orientation, gender identity, color, ancestry, serious medical condition, national origin, age, or disability in the provision of services.

The City of Las Cruces will make reasonable accommodation for a qualified individual who wishes to attend this meeting. Please notify the City Community Development Department at least 48 hours before the meeting by calling 528-3043 (voice) or 1-800-659-8331 (TTY) if accommodation is necessary. This document can be made available in alternative formats by calling the same numbers listed above.

Date Posted: April 1, 2022
4. New Business

4.1. Case 22CS0500003: Thurston Tracts

- A request for approval of a non-administrative replat known as Thurston Tracts
- The proposed subdivision encompasses 29.761 ± acres; is zoned R-2 (Multi-Dwelling Low Density), C-2 (Commercial Medium Intensity), and M-1 (Industrial Standard); is located at 4299 Bataan Memorial West the northwest corner of Bataan Memorial West and McGuffy Street.
- The subdivision proposes to replat one existing tract of land into two new tracts; the tracts are 18.212 and 10.365 ± acres in size as well as dedicate 50 feet of Right-of-Way for the expansion of McGuffy Street.
- Submitted by GEM Surveying, representative.

4.2. Case 22ZO3000019: Red Haw Central Final Site Plan

- A request for approval of a Final Site Plan, known as Red Hawk Central, located within the Metro Verde South Planned Unit Development (PUD)
- The proposed subdivision encompasses 7.00 ± acres, is zoned PUD (Planned Unit Development), is located at the east of Red Hawk Golf Road and north of the future extension of Central Avenue.
- The Final Site Plan proposes 49 single family residential lots and two lots for commercial development. The final site plan shall be required to follow all requirements of the Metro Verde PUD Concept Plan.
- Submitted by Sierra Norte Development Inc., property owners.

5. Discussion

6. Adjournment

Date Posted: April 1, 2022
DEVELOPMENT REVIEW COMMITTEE (DRC)

Following are the minutes from the City of Las Cruces Development Review Committee Meeting held Wednesday, March 23, 2022, at 9:00 a.m. in Room 1158.

DRC PRESENT: David Weir, Chief Planning Administrator
Mark Dubbin, Fire Department
Rocio Nasir, Senior Engineer, Utilities
Dominic Loya, MVMPO
Katarina Provenghi, MVMPO
Gary Skelton, Engineer, Public Works
Robert Messenger, Active Transportation Coordinator
Mike Kinney, Project Manager, Community Development

STAFF PRESENT: John Castillo, Permit Tech, Community Development
Becky Baum, Recording Secretary, RC Creations, LLC

OTHER PRESENT: Natalie Green
Paul Pompeo, Souder Miller
Mike Johnson, Souder Miller

1. CALL TO ORDER (9:00 a.m.)

Weir: Well, it's nine o'clock, if everybody, we have a quorum. We just have Parks and Rec not represented, but all the other departments are. So I'll call to order.

2. APPROVAL OF MINUTES

2.1 March 2, 2022 Minutes

Weir: First order of business is approval of minutes from March 2, 2022. I think it there was a link in your agenda. Do I have a motion to approve the minutes?

Nasir: So moved.

Weir: Okay. Do I have a second?

Dubbin: Second.

Weir: Okay. All those in favor say "aye."

MOTION PASSES UNANIMOUSLY.

Weir: Any opposed? Changes? None. Minutes approved
2.2 March 9, 2022 Minutes

Weir: Second item of business is the minutes from March 9th. Do I have a motion to approve those minutes?

Dubbin: Motion to approve.

Weir: Okay. Do I have a second?

Nasir: Second.

Weir: Okay, we have a motion and a second. All those in favor?

MOTION PASSES UNANIMOUSLY.

Weir: Okay. All those opposed? None. Minutes approved.

3. OLD BUSINESS

3.1 Case 22CS0500012: Camino Hills Subdivision Master Plan
- A request for approval of a Final Site Plan known as Camino Hills Subdivision.
- The proposed subdivision encompasses 10.954 +/- acres, is zoned R-1a (Single-Family Medium Density), is located west of Spitz St. and northeast of El Camino Real.
- The Master Plan proposes 52 single-family residential lots with five tracts of land for drainage. The master plan shall be required to follow all to develop Hanson Ave. and Spitz St.
- Submitted by Sierra Steve Calderazzo, representative.

3.2 Case 21CS0500069: Camino Hills Subdivision Preliminary Plat
- A request for approval of a Preliminary Plat known as Camino Hills Subdivision.
- The proposed subdivision encompasses 10.954 +/- acres, is zoned R-1a (Single-Family Medium Density), is located west of Spitz St. and northeast of El Camino Real.
- The Master Plan proposes 52 single-family residential lots with five tracts of land for drainage. The master plan shall be required to follow all to develop Hanson Ave. and Spitz St.
- Submitted by Sierra Steve Calderazzo, representative.

Weir: We do have old business today. The first one is the Camino Hills Subdivision Master Plan. Is the representative present?
Pompeo: Now that move to the last one on the agenda.

Weir: Okay, we can table that till later in the meeting and see. I think the second one, the Camino Hills Subdivision Preliminary Plat is the same situation, so we’ll just table that to the end of the meeting.

MOVED TO AFTER NEW BUSINESS.

4. NEW BUSINESS

4.1 Tierra Del Sol Subdivision - 21CS0500097, 22CS0500018, & 22SU0501235

Clarify Cross-section requirements for:
- Skylark Lane from Tierra Escondido to Mesa Rd.
- Mesa Drive from Skylark to Central Rd., and
- Central Rd. from Mesa Dr. to the west end of this development.

Weir: Which brings us to new business. Tierra Del Sol subdivision. There have been some questions on the construction drawings and final plat. And so John, are you the best person to talk about this or is Natalie the best one to.

Castillo: I can give a brief discussion and if Natalie would like to add extra detail to it she’s more than welcome to. So this is the Tierra Del Sol Subdivision. It’s an 18 lot subdivision that is a City sponsored subdivision as well for Tierra Del Sol the housing group. I don’t know their name.

Weir: Tierra Del Sol

Castillo: Yes. So essentially what happened was there were earlier discussions based on road widths, the dedication of a park and dedication of right-of-way along Skylark Lane and Mesa Drive and Central. This was brought previously to DRC back in November of last year with brief discussions on the three roadways. And I think at this point we’re bringing it back to get further clarification.

Weir: Okay.

Kinney: Mr. Chair. Yes, I was the one who asked to have this come for the DRC because in my reviews this issue popped up and we actually had some internal meetings etc., and I just wanted to clear everything up because I was able to look at the minutes of the DRC back in November last year where this subdivision was talked about. And one of the things we’re (inaudible) the right-of-way for Tierra Escondido to the east, for that portion where a dead ends. Initially on the plat they had it at a 40 foot
right-of-way, and the agreement was put it back to a 50 foot right-of-way. Though the current plat doesn’t reflect that, but that can be corrected.

But the main thing for this meeting was in some of the reviews looking at some of the other departments is that there were questions about the buildout on, you know the dedication of the right-of-way and buildout on Mesa Drive, same thing for Central Road, and then also for Skylark, from Tierra Escondido to Mesa Drive. From reading the minutes from the November 21st meeting and from my recollection, what we have here today in front of us with Souder Miller’s drawing is that basically what was agreed to, my understanding in the meeting is that they would buildout Terra Escondido up to Skylark Drive and create an access point, but no additional core improvements on Skywalk Drive, Mesa Drive they would dedicate additional right-of-way but no buildout and no buildout or additional right-of-way on Central Road. That was my understanding of what was approved in the meeting minutes.

Weir: Preliminary plat.

Kinney: So I know Traffic had a comment about the buildout and things of that nature. And I'm not sure who else has some comments about their questions. So I just wanted to make sure that that’s clarified. And to have Natalie, if that’s what the negotiations were with the City is that in lieu of, in addition, what do you call them, with the dedication of the, was a 2.-somewhat acres for a park, that the City was going to forego any buildout on these streets.

Green So the park, so Tierra Del Sol’s under no obligation to dedicate any park. Right. The issue of the park came into play is because there’s a City Councilor who’s demanding the park. So if it was me, I’d prefer to have the lots. I have no obligation to provide a park in any way, shape, or form. Part of the reason we allowed the flexibility is because of course Parks has their masterplan requirement, they want a minimum of two acres, so as we were meeting we sort of went through those negotiations of who's going to give a little bit. You know so traffic was giving up right-of-way on Central, so we could get that two way acre. Parks will be responsible for the buildout of their portion of Skylark as they ...

Kinney: Who will?

Green Parks. Or whatever they do on this site because this doesn't impact the subdivision in any way. In terms of, I guess I don't know what buildout would look like here and what that would cost since it's a City sponsored project. You know, is that like $50,000. This is all low income homeowners so their …
Pompeo: Right. Well Mesa Drive would be substantial. It would be substantial because it's half of a MPO minor arterial I believe.

Skelton: As far as Public Works is concerned, we don't have any problem with them not building out, the question of Skylark and Mesa Drive at this time. I don't know if Fire Department have any issues with the access at Tierra Escondido, but as far as Public Works or we don't really have any problems that, not building those out.

Green: Okay.

Weir: Dominic. Does MPO have any comments?

Loya: So actually Central and Mesa are both collectors.

Weir: Collectors. Okay.

Pompeo: That's a little bit better. Be stamped twice instead of three times.

Kinney: So, then the lot, Mr. Chair, just down the road to the west is the, I don't remember the name of the subdivision now, at the corner of I think it, is it Mesa Grande, what's ...

Castillo: Mesa Grande.

Kinney: Porter road.

Johnson: Yes.

Kinney: Porter Road and Central Road. That subdivision was required by the Planning and Zoning Commission to dedicate 17.5 feet of right-of-way along Central Road but no buildout. And Central Road is a full cross section with sidewalks. It is classified as a collector but it's built as a local 50 foot right-of-way.

Weir: So back in November the DRC recommended just basically what we've gone over this morning. And then that was approved by P&Z in December.

Castillo: Yes.

Kinney: And we have those through consent agenda.

Weir: Okay. So basically they were taking the recommendation of the DRC.
Kinney: I just wanted to clarify that what was agreed to and so that everybody is on the same page is that there will not be any additional buildout by the subdivision builder on Skylark Drive, Mesa Drive, or Central Drive. They are dedicating some additional right-of-way along Mesa Drive. And that was what was agreed to.

Weir: John and Natalie. That's what the other approvals.

Green Yes, I concur.

Weir: Okay. So if that's the case, is there anything we formerly need to take as a DRC or is it just kind of a discussion item for clarification since that's a part of.

Skelton: Has the variance request for the DRC been officially you know given to the DRC for building out Mesa Drive. What that in the November meeting?

Weir: Yes in November, and then P&Z endorsed it or approved it at their meeting. So the City's taken official action on that. So I think it's now clarification for the construction drawings, and then the final plat, but there is an additional 50 feet that needs to be shown on the plat.

Pompeo: Mr. Chairman. The construction drawings represent that 50 foot cross section.

Kinney: Yes they do.

Pompeo: But we need to go back and verify that the plat has been corrected. I think that there may have, I mean, the line work is in the drawing, show the 50 feet, we'll just have to make sure that the plat is submitted with that 50 foot.

Weir: Okay.

Pompeo: That's on the interior.

Weir: Okay.

Kinney: Yes.

Weir: Okay.

Kinney: If we need to make a motion on that, I'm willing to do that.

Weir: I don't think so. I think it's just a part of, more or less a discussion item.
Dubbin: Mr. Chairman. I have a question for Traffic for Gary. What is the existing right-of-way that we have on Central at this time with this plat?

Skelton: Honestly I don't know at this time I haven't, unfortunately I haven't reviewed this plan *(inaudible)*, so I don't know what the right-of-way is.

Kinney: I don't know exactly all the way. It's basically 50 feet. There's one area down towards Porter will have, won't be 85 feet but it will be close to it because dedicated 17.5 feet.

Dubbin: So the subdivider would be dedicating 17.5 feet normally.

Weir: Normally.

Kinney: Normally, yes.

Pompeo: I believe we did on Mesa.

Kinney: Yes, on Mesa Drive there was dedication.

Green: We didn't do it on Central.

Dubbin: Because I had some discussions with Hector, about concerns that there are sections of Central that are to the east and to the west for the long range plan that would not fit in this portion of right-of-way. So how has that been resolved? I mean, if the City can't build the road that was planned, how was that resolved?

Skelton: Unfortunately, I can tell you at this time. I wasn't part of the discussion so I don't know what resolution was done for that.

Kinney: You are correct. If as is then that would lock in the, if you will, 50 foot right-of-way until, unless on the south side of Central they dedicated some right-of-way, which would still not get it to an 85 foot right-of-way. And the properties to the west, well immediately to the west is not a subdivision, it's like individual lots. And the same thing on the south side of the road.

Weir: It's constrained right-of-way.

Kinney: It's constrained and I don't see anything in foreseeable future.

Green: I think the only option was to try and shorten Skylark and move everything up just a little bit.

Johnson: But you're fully … this is a city discussion. I'll be quiet.
Weir: The P&Z already approved the preliminary plat and did not require additional right-of-way so it's kind of just identifying something for the future the City may have to address.

Dubbin: On its own project.

Weir: Yes. I don't think the DRC needs to take any official action today. I think just so that we have clarification of what was approved and what was agreed to but that was all addressed in the preliminary plat.

Kinney: So basically for the next review cycle for Tierra Del Sol, because there were some, on the (inaudible) exactly what, how many, or what. one or two different departments had revisions required which addressed these issues about buildout and stuff.

Weir: Okay.

Dubbin: Let me ask another question.

Weir: Sure.

Dubbin: Before we finish. So Skylark you asked Gary if the Fire Department was okay with an access on Skylark. Is it paved?

Skelton: Well as you say I'm just officially Public Works and (inaudible).

Dubbin: Is it paved between that access and Mesa?

Pompeo: Yes, there's an existing paved surface there. Yes.

Dubbin: Okay.

Pompeo: We're just going to tie in the pavement segment so it uniform.

Dubbin: That was my question. I didn't want to go from pavement to dirt back to pavement. All right. Thank you.

3.1 Case 22CS0500012: Camino Hills Subdivision Master Plan

3.2 Case 21CS0500069: Camino Hills Subdivision Preliminary Plat

Weir: Which brings us back to the two items that we moved to the end of the agenda. The Camino Hills Subdivision Master Plan and Camino Hills Preliminary Plat. We still don't see an applicant. Do I have a motion to table to a future meeting?

Kinney: So moved.
Weir: Do I have a second?

Nasir: Second.

Weir: All those in favor?

MOTION PASSES UNANIMOUSLY.

Weir: Okay, so those will be put on a future agenda.

DISCUSSION

Weir: I think I want to take Item six discussion before adjournment. Is there anything else the group wants to discuss? Seeing nothing.

6. ADJOURNMENT (9:15 a.m.)

Weir: I'll entertain a motion to adjourn.

Dubbin: So moved.

Weir: A second.

Nasir: Second.

Weir: All those in favor?

MOTION PASSES UNANIMOUSLY.

Weir: Okay. We're adjourned, I believe it's 9:15.

Chairperson
