DRC Interpretation of meaning of Chapter 32, Article II, Standards for Public Rights-of-Way for the installation of streetlights associated with Caroline George Replat No. 3

Weir: We have one item of discussion that we postponed at last Wednesday's meeting. There was a question about a request to install a streetlight in compliance with a plat that's being done for a property off of Northrise Drive. Paul Pompeo with Souder Miller provided an agreement when Northrise was built. And we wanted to take additional time to review that. John was there anything you wanted to add to that a decent summary?

Castillo: Yes. That sounds like a good summary.

Terrazas: Mr. Chair. We did review it because there was existing agreement with the City at that time. We're not requiring streetlighting for this because that's what was approved at the time between the owner and the City. So because there was an existing agreement on this portion for this instance, we're not going to be requesting streetlighting improvement.

Weir: Okay. So I think we're all good then, right.

Kinney: Does it need to have a motion?

Dubbin: I don’t think it was …

H-Rogers: I don’t know that there even needs to be a motion.
Weir: I don't think so because it was just kind of a discussion.

ADJOURNMENT (9:06 a.m.)

Weir: If there's nothing else to say. For the record we worked this out administratively. There is no necessary action by the DRC today. I'll ask for adjournment of the meeting.

Dubbin: I'll make a motion to adjourn.

Weir: Do I have a second?

Kinney: Second.

Weir: Okay, we'll do a voice call. All in favor.

MOTION PASSES UNANIMOUSLY.

Weir: Anybody opposed?
