Public Health Emergency Order Clarifying that Current Guidance Documents, Advisories, and Emergency Public Health Orders Remain in Effect; and Amending Prior Public Health Emergency Orders to Impose County-by-County Restrictions Due to COVID-19

PREFACE

The purpose of this amended Public Health Emergency Order is to amend restrictions on mass gatherings and business operations, which were implemented in response to the spread of the Novel Coronavirus Disease 2019 (“COVID-19”). Continued social distancing and self-isolation measures are necessary to protect public health given the devastating effects that are now resulting from the rapid increase in COVID-19 cases in New Mexico. It remains the core purpose of this Order to emphasize that all New Mexicans should be staying in their homes for all but the most essential activities and services. When New Mexicans are not in their homes, they must strictly adhere to social distancing protocols and wear face coverings to minimize risks. These sacrifices are the best contribution that each of us can individually make to protect the health and wellbeing of our fellow citizens and the State as a whole. In accordance with these purposes, this Order and its exceptions should be narrowly construed to encourage New Mexicans to stay in their homes for all but the most essential activities.

It is hereby ORDERED that:

1. All current guidance documents and advisories issued by the Department of Health remain in effect.

2. The following Public Health Emergency Orders remain in effect through the current Public Health Emergency and any subsequent renewals of that Public Health Emergency or until they are amended or rescinded:

   A. March 24, 2020 Public Health Emergency Order Temporarily Regulating the Sale and Distribution of Personal Protective Equipment Due to Shortages Caused by COVID-19;

   B. December 15, 2020 Amended Public Health Emergency Order Implementing Additional Contact Tracing Information Requirements for All Laboratories and Submitters Submitting Notifiable Condition COVID-19 Test Results to the New Mexico Epidemiology and Response Division;
C. January 8, 2021 Emergency Order Implementing Administration and Reporting Requirements for All COVID-19 Vaccine Providers;

D. April 5, 2021 Amended Public Health Emergency Order Temporarily Limiting Long-Term Care Facilities Visitation Due to COVID-19; and

E. February 26, 2021 Public Health Emergency Order Implementing Administration Requirements for All COVID-19 Vaccine Providers and Requiring Accurate Information be Provided by Individuals Registering to Receive the COVID-19 Vaccine.

3. The April 28, 2021 Public Health Emergency Order Clarifying that Current Guidance Documents, Advisories, and Emergency Public Health Orders Remain in Effect; and Amending Prior Public Health Emergency Orders to Impose County-by-County Restrictions Due to COVID-19 is hereby amended as follows:

ORDER

WHEREAS, on March 11, 2020, because of the spread of the novel Coronavirus Disease 2019 ("COVID-19"), Michelle Lujan Grisham, the Governor of the State of New Mexico, declared that a Public Health Emergency exists in New Mexico under the Public Health Emergency Response Act, and invoked her authority under the All Hazards Emergency Management Act;

WHEREAS, Governor Michelle Lujan Grisham has renewed the declaration of a Public Health Emergency through May 28, 2021;

WHEREAS, confirmed cases in the United States have risen to more than 32.8 million and confirmed COVID-19 infections in New Mexico have risen to over 200,000;

WHEREAS, COVID-19 is a deadly virus and has taken the lives of over 583,000 Americans and over 4,113 New Mexicans;

WHEREAS, the further spread of COVID-19 in the State of New Mexico poses a threat to the health, safety, wellbeing and property of the residents in the State due to, among other things, illness from COVID-19, illness-related absenteeism from employment (particularly among public safety and law enforcement personnel and persons engaged in activities and businesses critical to the economy and infrastructure of the State), potential displacement of persons, and closures of schools or other places of public gathering;

WHEREAS, vaccination, social distancing, and the consistent and proper use of face coverings in public spaces are the most effective ways New Mexicans can minimize the spread of COVID-19 and mitigate the potentially devastating impact of this pandemic in New Mexico; and

WHEREAS, the New Mexico Department of Health possesses legal authority pursuant to the Public Health Act, NMSA 1978, Sections 24-1-1 to -40, the Public Health Emergency Response Act, NMSA 1978, Sections 12-10A-1 to -19, the Department of Health Act, NMSA 1978, Sections 9-7-1 to -18, and inherent constitutional police powers of the New Mexico state
government, to preserve and promote public health and safety, to adopt isolation and quarantine, and to close public places and forbid gatherings of people when deemed necessary by the Department for the protection of public health.

NOW, THEREFORE, I, Tracie C. Collins, M.D., Secretary of the New Mexico Department of Health, in accordance with the authority vested in me by the Constitution and the Laws of the State of New Mexico, and as directed by the Governor pursuant to the full scope of her emergency powers under the All Hazard Emergency Management Act, do hereby declare the current outbreak of COVID-19 a condition of public health importance, as defined in NMSA 1978, Section 24-1-2(A) as an infection, a disease, a syndrome, a symptom, an injury or other threat that is identifiable on an individual or community level and can reasonably be expected to lead to adverse health effects in the community, and that poses an imminent threat of substantial harm to the population of New Mexico.

If a county begins meeting the specified metrics for a less restrictive level, the county may begin operating at that level’s restrictions immediately upon the map’s update. Notwithstanding the foregoing, counties which have reached Turquoise Level may operate at that level’s restrictions for a minimum of four weeks, and their map status shall only be updated once every four-week period.

Notwithstanding the foregoing, fully vaccinated individuals are not required to wear a mask unless otherwise recommended by the latest official guidance from the Centers for Disease Control and Prevention ("CDC"). Further, fully vaccinated individuals shall not be required to socially distance from other individuals unless otherwise recommended by the latest official guidance from the CDC, in which case they must follow that guidance. Businesses, houses of worship, and other non-profit entities shall also follow the latest official guidance from the CDC regarding mask-wearing and social distancing, provided that nothing in this Order shall be construed as prohibiting any entity from imposing more stringent requirements.

(2) Any "food and drink establishment," "close-contact business," "place of lodging," "retail space," or other business (including "essential businesses" other than those which meet the definition of a healthcare operation, utility, or indigent care services) in which members of the public regularly visit must immediately close for a period of fourteen (14) days following the occurrence of four (4) or more rapid responses within a fourteen (14) day period. For purposes of this directive, rapid responses will be counted on a rolling basis. Notwithstanding this provision, an "essential business" may be permitted to continue operating if the Department of Health, after consultation with the New Mexico Environment Department, determines that the business is a necessary provider of goods or services within the community in light of geographic considerations. Further, "essential businesses" that test each employee every two weeks and regularly provide contact tracing data to the Environment Department shall not be subject to closure under this provision; provided that fully vaccinated employees, other than those working in congregate care settings such as correctional facilities and long-term care facilities, shall not be required to be tested every two weeks.

(3) All businesses, houses of worship, and other non-profit entities must adhere to the pertinent CSP’s. In the event the pertinent CSP’s specify a reduced capacity limit, the CSP’s limit shall control.

(4) Private educational institutions serving children and young adults from pre-Kindergarten through 12th Grade, including homeschools serving children who are not household members, shall adhere to the face covering and other COVID-Safe Practices requirements for in-person instruction contained in the New Mexico’s Public Education Department’s “Reentry Guidance” and “COVID-19 Response Toolkit for New Mexico’s Public Schools,” available at https://webnew.ped.state.nm.us/reentry-district-and-school-guidance/, and may operate up to maximum capacity. Private schools must immediately close for a period of fourteen (14) days following the last occurrence of four (4) or more rapid responses within a fourteen (14) day period.
