Ad Hoc Committee Strategic Focus

The southern infill neighborhoods envision and strive to be a place of economic stability, wealth creation, and healthy living. They are attractive, peaceful places where people feel welcome, safe, and comfortable and are hot spots for dwelling choice, local shopping, eateries, entrepreneurship, and businesses.
Ad Hoc Committee Strategic Focus

The southern infill corridors (El Paseo, South Solano) are seen as and continue to transform into thriving transit-oriented areas where businesses, residents, visitors and the City work together to create and maintain a place of sustainability, one that is pedestrian and bicycle friendly, and addresses the needs of all citizens.
